Frequently Asked Questions

What if I don't have any photo ID like a driver's license?

- It doesn't matter. Just bring anything else you have from the above list that has your name and address on it.

Do I need more than one document?

- No, only one document with your name and address is needed. *

What if all of my documents have a post office box address?

- That is ok. As long as it makes sense that a person in your voting subdivision or ward would have a post office box at your mailing address, it will be accepted. The post office box doesn't have to be in your voting subdivision or ward – just reasonably close by.

I used to have to sign a form to say that I am eligible. Do I still have to sign that form?

- Yes, you will still have to sign the Statement of Elector Eligibility as well as provide one of the above documents that contains your name and address.

What if I don't have any accounts or documents in my own name?

- Have your landlord, facility, or organization manager sign a letter or form (attestation) to confirm your address, and bring it with you to the voting station. Your municipality may have a form that you can use, so check with them. You will have to do this before you come to vote, so plan ahead.

* These are the basic requirements for all Alberta municipalities. Your local municipality may have additional requirements or accept additional types of ID. Please check with them.
