The Heisler History Book Committee would like to thank the residents and surrounding community for the wonderful support we received when putting together the new Wagon Trails in the Sod Volume 2. The history that was shared along with the family stories and barn pictures made for an incredible book which we are so proud of. The overwhelming response for orders has been amazing. However, none of this could have been possible without the generous support of various community groups. To the Heisler Elks, who helped us with a substantial loan in order to get the book published along with the Heisler Royal Purple, Friends of Heisler, Heisler Seniors, Heisler Ag Society and the Heisler Track Loading Group, we can not thank you enough for your financial support in making this book a reality. To the Heisler Seniors who provided a place for us to have our meetings and to Noreen Steil at ATB Financial who provided us a place to finish the book, we are very grateful for the space. We would also like to thank everyone who donated to the Silver book Syndicate, the response to this was amazing and at some point in the future a donors board will be constructed to honour those who gave. Heisler is an amazing little community as evidenced in the new book and in the many ways everyone contributes on a daily basis.

Thank you once again for your generous support!!
